Gotland: Once a year in summer the county mayor invites well-known and influencing and rich people (having summer house on otland) for a picnic/dinner party to help, support the region

Bornholm example: Start of Russfilter production on Bornholm – settled on Bornholm, because the manager owns a summer house on Bornholm and good conditions of objective II funding

Öland: Rebuild Borgholm to restore it in old beautiful style to attract more people (upper scale activities – sailing, tennis ..)

4. PtP Website Board decision from 9 June 2005

Board did not discuss the subject due to late information. Seppos calculation amounting to SEK 70,000 is double he gets for whole b7.org, so it` obvious we will never be awarded that amount of money.

Decision:

1. We will ask the Board for SEK 20,000. and Seppo what he can do for this amount of money.
2. Generally, Seppo shall do only technical work, everyone is writing articles and sending them to Seppo.
3. Send interesting links about cultural calendar etc.

5. Projects 2005/2006 Board decisions from 9 June 2005
