Bright Green Island - 2014

How can Bornholm be better for the world?

Answer:

More of what we are good at:

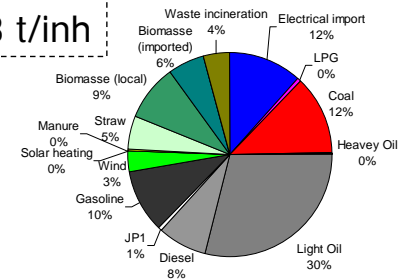

More nature - well inspired of TransPlan project

Energy Strategy

- District heating
- Change of fuels outside
- Windmills
- Bioethanol
- Savings
- Team of advisers
- Energy Forum
- Biogas
- Electrical driven cars

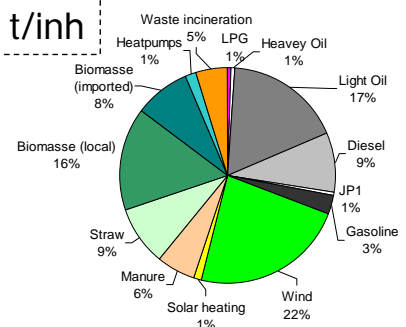

RES%: 24

CO2: 5,8 t/inh

RES%: 82

CO2: 2,0 t/inh

Lessons learnt !

- All that talk about Planning and Strategy: How great expectations vanish in the implementation phase
- Political decisions are political and not always rational
- Many words: Action is needed !
